

MANAGEMENT MAYHEM

Oh no! Amy's forgotten her morning yard routine and some parts are missing from her notebook! Can you help her fill in the missing gaps?

1. I arrive at the yard and head straight to the F E E D room to make Cookie's breakfast.
2. While Cookie eats his breakfast, I pop his R U G on as it's raining today.
3. Time to lead Cookie out to the F I E L D so he can have a play while I do yard chores.
4. Now it's time to crack on and M U C K out his stable.
5. Once his stable is clean, I fill up his H A Y N E T and W A T E R.
6. Outside his stable needs a good S W E E P so I grab my broom to clean up.
7. I want to R I D E a bit later, so I grab Cookie's tack and pop it outside his stable.
8. After all that hard work, it's time to finish the morning with a well-earned break while I watch Cookie P L A Y with his friends in the field.
